

EEA Grants. Programme PT02. Integrated Marine and Coastal Waters Management

EMS2014. Porto. December 4, 2014

DIAS MARQUES Fernando
Programming Services Director

fernando.marques@dgpm.mam.gov.pt

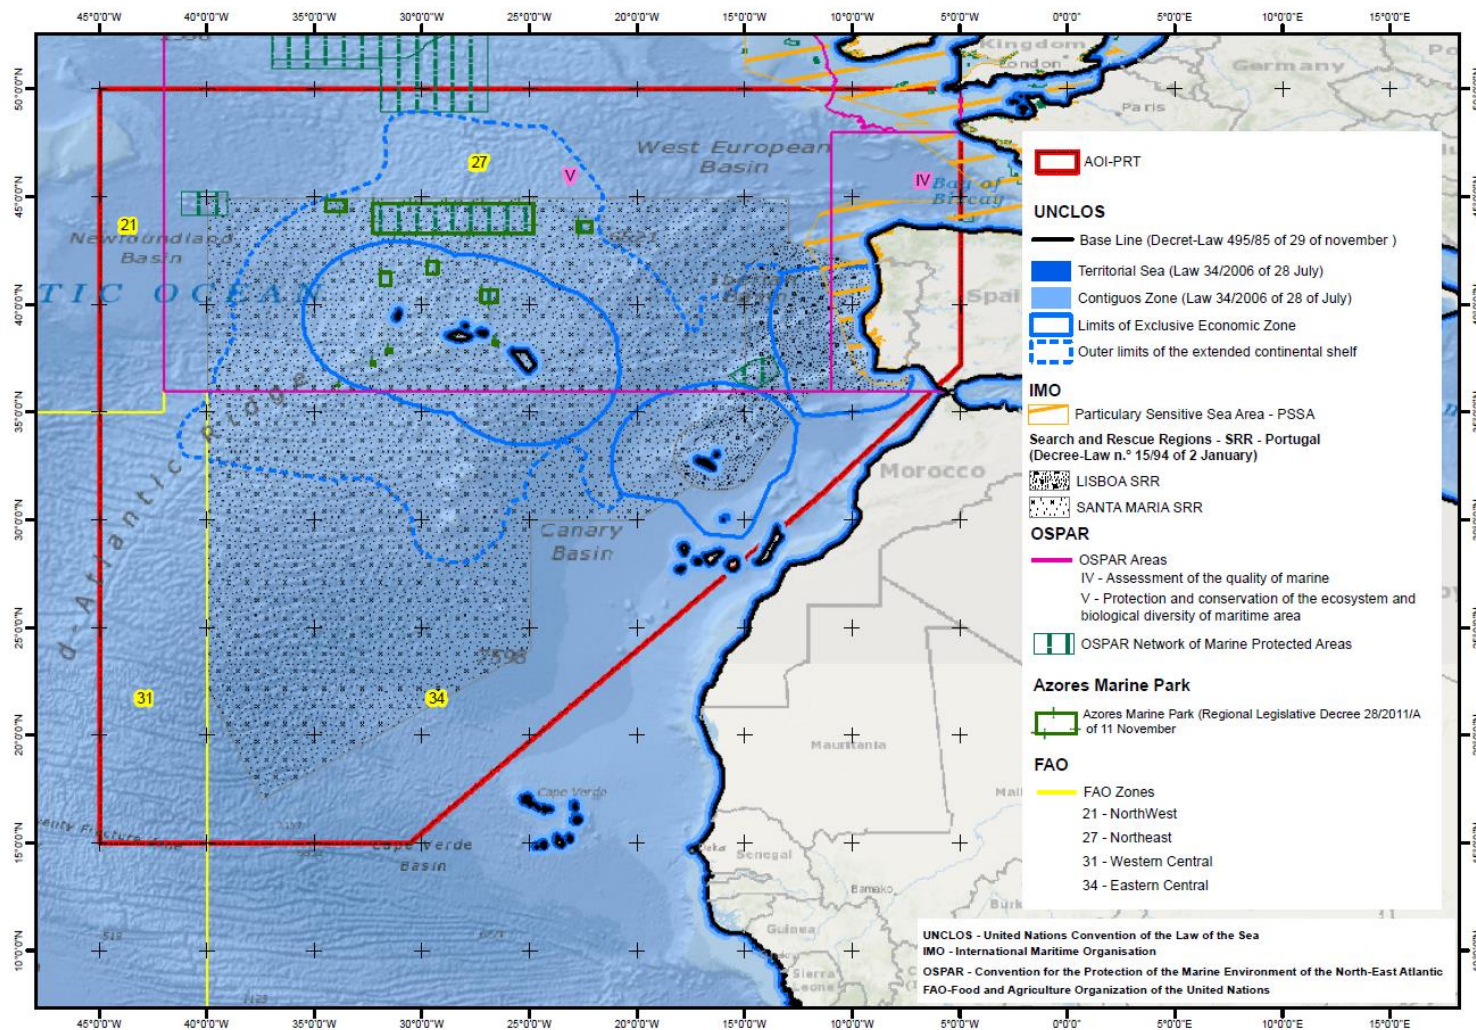

Summary

- Programme overview
- Previous calls of interest
 - #3 Earth observation services, modelling and forecasting
- Next calls of interest
 - **#4 Smart sensors and monitoring platforms**
 - #5 National ocean data integration
 - #1 Decision making and management support capability
 - Small grant scheme
- Related initiatives
 - NIPIM@R: National Maritime Information Integration and Sharing Node

Programme overview

- Objective: Good environmental status of marine and coastal waters (Marine Strategy Framework Directive)
- Expected outcomes
 - More Integrated management
 - Improve monitoring
 - Increased capacity for assessing and predicting environmental status
 - Increased awareness of and education
- Grant amount EEA: 19,2 M €
- Donor countries: Iceland, Liechtenstein, Norway

Programme overview

Previous calls of interest

- **#3 Earth observation services, modelling and forecasting**
 - Application submission deadline: June 28, 2014
 - Proposal analysis in progress
 - Project type I – Sentinel data reception (266.000,00 €)
 - Project type II – Sentinel data storage, archive and dissemination (350.000,00 €)
 - Project type III – Early warning of sea storms (200.000,00 €)
 - Project type IV – Monitoring and detection of oil spillage and illegal fishing (216.000,00 €)

Next calls of interest

- **#4 Smart sensors and monitoring platforms**
 - Call launch date: 2015, 1st Quarter
 - Amount of grant: 1.283.113,00 €
 - Minimum grant amount: 200.000,00 €
 - Autonomous vehicles (sensing, networks, energy)
 - Projects duration: 12 months

Next calls of interest

- **#5 National ocean data integration**
 - Call launch date: 2015, 1st Quarter
 - Amount of grant: 424.647,00 €
 - Minimum grant amount: 170.000,00 €
 - Ocean knowledge (big data, data mining)
 - Projects duration: 12 months

Next calls of interest

- **#1 Decision making and management support capability**
 - Call launch date: 2015, 1st Quarter
 - Amount of grant: 340.118,00 €
 - Minimum grant amount: 170.000,00 €
 - Ocean management (software, indicators, simulations, plans)
 - Projects duration: 12 months

Next calls of interest

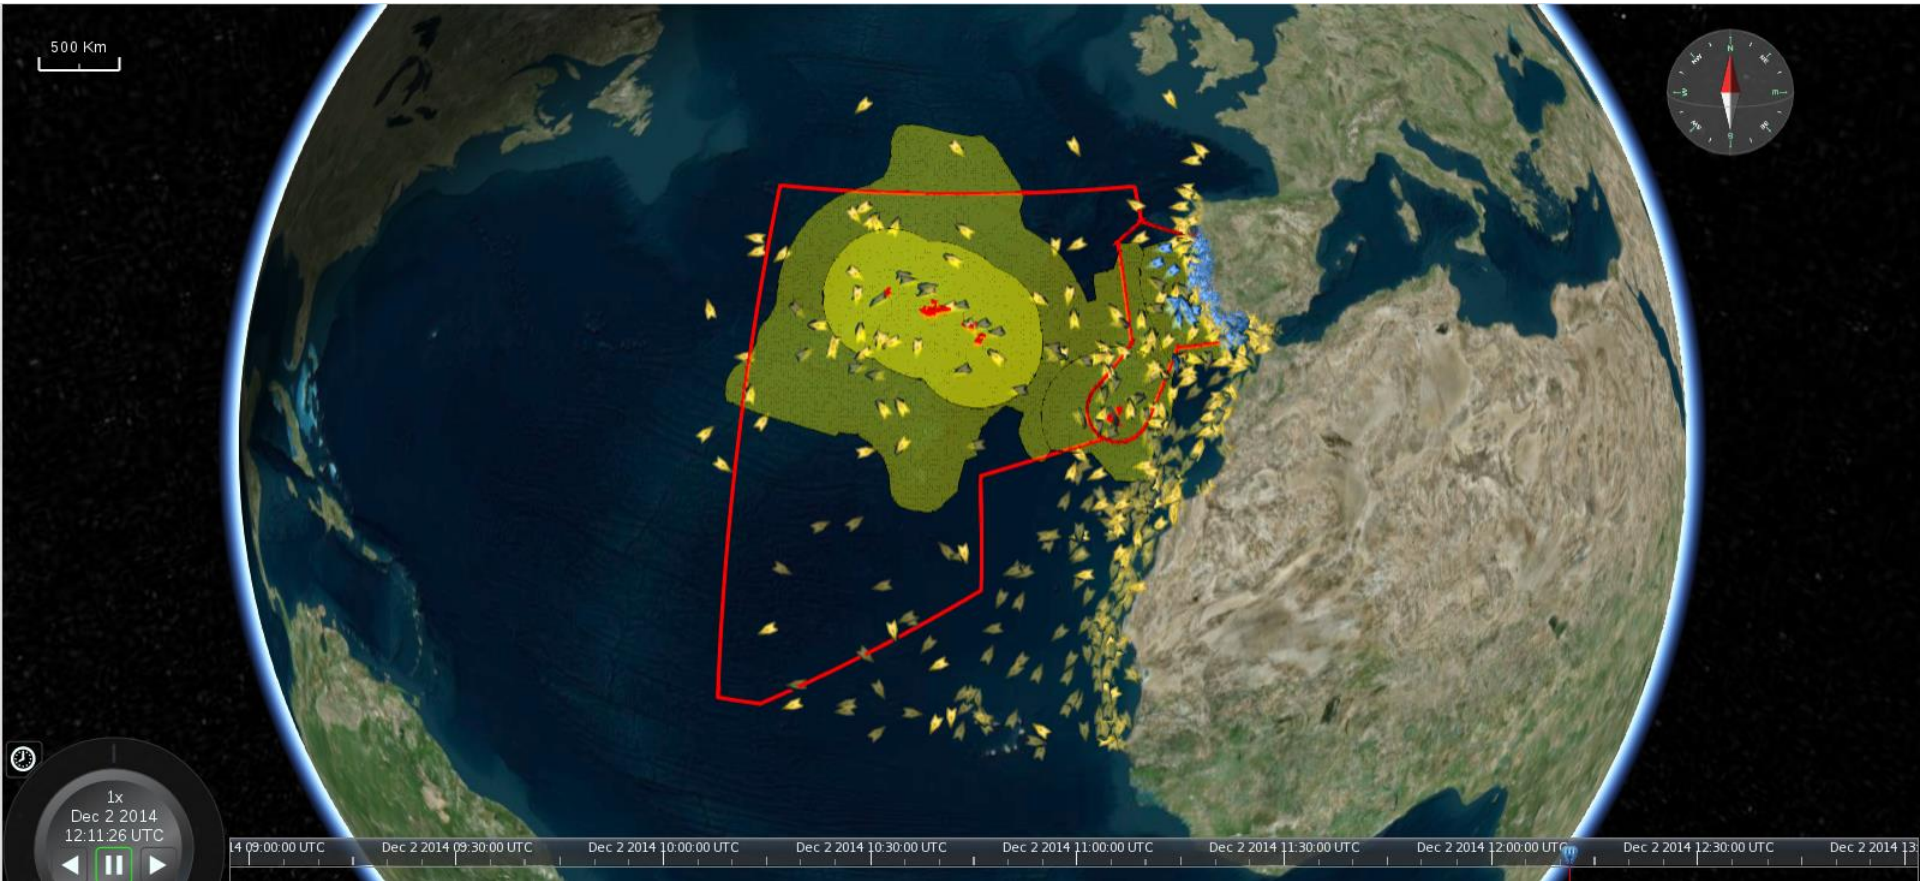

- **Small grant scheme**

- Call launch date: 2015, 1st Quarter
- Amount of grant: 65.609,00 €
- Minimum grant amount: 15.792,00 €
- Integrated marine water management (training, education and awareness)
- Projects duration: 12 months

Related initiatives

- **NIPIM@R**
 - Integrated maritime surveillance and monitoring
 - Increase interoperability and information sharing
 - Foster development, support security
 - CISE national node
 - 20 national partners
 - Over 50 experts
 - 3 working groups (organizational, legal and technical)
 - State-of-the-art analysis
 - Interoperability manuals and indicators
 - Systems integration
